

NL-4584
Q4 Series
4" Square Frosted Flat Lens

FEATURES

Trim: The 4" die-cast aluminum flange provides sharp clean corners and a 3" aperture. The deep set die-cast aluminum lamp holder helps dissipate heat.

Reflector: True square appearance with die formed steel sides and top. The lamp holder is position high for excellent visual comfort.

Flange: Die-cast aluminum with clean crisp corners and aperture.

Lamp Holder: 0.5mm thick die cast sheet steel with lamp holder. Lamp ring mounted on independent plates for double axis aiming. Includes UV protected lens.

Mounting: Trim includes two trim clips that securely mount trim in housing. Provided with 2 slots for mounting of trim ring tabs.

COMPATIBLE LAMP / HOUSINGS

Low Voltage:

50W MR16 max. (NL-408AT Series; NLIC-408 Series; NLR-409AT Series)
