LED Flush Mounts

MODEL 2225PS

ORTECH

WARNING

WARNING — THE INSTALLATION MUST BE CARRIED OUT BY A QUALIFIED ELECTRICIAN.

1. LED Flush Mounts are suitable for using in wet locations
2. Please keep the LED Flush Mounts away from any corrosive substance, and please use dry cloth when you clean it
3. LED Flush Mounts can only be installed by a qualified electrician
4. Before installation or maintenance, please disconnect the power to prevent electric shock

Application Notice

1. Turn OFF the power supply at the fuse or circuit breaker box before you install the fixture
2. Ground the fixture to avoid potential electric shocks and to ensure reliable starting
3. Double-check all connections to be sure they are tight and correct
4. Wear rubber soled shoes and work on a sturdy wooden ladder
5. This fixture is designed for use in a circuit protected by a fuse or circuit breaker. The fixture is also designed to be installed in accordance with local electrical codes. If you are unsure about your wiring, consult a qualified electrician or local electrical inspector, and check your local electrical code
6. WARNING — RISK OF CUTS: Some metal parts in the fixture may have sharp edges. To prevent cuts and scrapes, wear gloves when handling the parts
7. Account for small parts and destroy packing material, as these may be hazardous to children
8. DO NOT change the LED light source or driver inside under any circumstance
9. DO NOT cover the fixture with any heat insulated materials
10. WARNING — RISK OF FIRE: Use 120V AC 50/60Hz

CAUTION

PLEASE READ INSTRUCTION BEFORE COMMENCING INSTALLATION AND RETAIN FOR FUTURE REFERENCES.
Electrical products can cause death or injury, or damage to property.
If in any doubt about the installation or use of this product, consult a competent electrician.
